PLANNING FOR THE FUTURE

The goal of the Ionia County Commission on Aging is to strengthen the well-being of all Ionia County Senior Citizens and to be the cornerstone of support services for their continued independence.

https://www.mlive.com/news/index.ssf/2018/01/aging_michigan_senior_citizens.html

Michiganers age 60+ now make up almost a quarter of the state's population. With Baby Boomers increasingly reaching retirement age, that number is expected to grow significantly in coming years.

Our goal as an agency is to meet this challenge, to develop and adapt in ways which will allow us to continue to provide support and assistance to a growing number of clients and to help them maintain dignity and independence while aging in their own homes.

With this in mind we have developed these goals for the new fiscal year:

- Adult Day Program
- Workforce Development
- Facility Improvement
- Succession Planning

Review of COA Departments and Staff

Nutrition

Including Home Delivered Meals, Friendship Luncheon Sites and Senior Project Fresh

Our Nutrition Department remains the cornerstone of our agency, delivering Meals on Wheels, serving Congregate Luncheons and distributing Senior Project Fresh coupons throughout Ionia County. In Fiscal Year 2018, total Home Delivered Meals grew to more than 75,000 delivered, an increase of nearly 7,500 meals over FY 2017. Friendship Meal Sites (Congregate Meals) saw an increase of over 500 meals served in FY 2018 and we distributed over 8,500 Senior Project

Fresh Coupons to qualifying seniors to use for fresh produce purchases at local farms and farm markets.

The Nutrition Department is currently staffed by 1 full-time Nutrition Director, 2 full-time Cooks, 3 part-time Food Service Aides, 5 part-time Meal Delivery Drivers, 1 substitute Meal Delivery Driver and 5 part-time Site Hostesses (with some staff filling more than 1 position). 1 Substitute Meal Delivery position is currently vacant. Paid staff is complemented by numerous volunteers.

Nutrition is on track to earn 100% of its funding from AAAWM which grew by over \$10K over FY 2017.

In Home Services

Including Respite, Homemaker and Home Health Aide Services as well as Community Living Support and Senior Assist

In Home Services has had both success and challenges in the past year. Homemaker Services successfully earned 100% of funding from AAAWM, which was increased by \$6K over FY 2017.

However, I project we will fail to earn approximately \$2K of our Respite funding from AAAWM, which was at the same level as FY 2017, as well as nearly \$4,400 in funding from Reliance Community Partners.

Our struggle with Respite funding, and service delivery, boils down to just one issue, our difficulty finding staff. Properly staffed, we would have more than earned our Federal and State funding from AAAWM and Reliance and we would have been able to use existing local funding to meet the needs of Ionia County Seniors. At the close of September, our In Home client waiting list stands at 37 individuals.

It is a struggle. To date in FY 2018 we have hired 7 new, part-time Aides and we have lost 7. One bright spot was the transition of one Aide from part-time to full-time. Thanks to this change we now have staff able to work 54% of allocated In Home hours.

Current staff includes 1 full-time In Home Services Director, one full-time In Home Aide, 12 part-time In Home Aides and two additional part-time In Home Aides currently on leave.

Transportation

Including COA Fleet and Volunteer Drivers

Transportation saw a slight dip in the number of trips provided, delivering just over 6,400 trips compared to 6,600 trips in fiscal year 2017.

This was due to a loss of volunteers and volunteer hours. 28% of trips were delivered by volunteers in FY 2017, but only 20% in fiscal year 2018. While we continue to seek out new volunteers, we also moved forward on hiring additional staff drivers with two additional now trained and active.

On the funding front, our AAAWM reimbursement rate for volunteer transportation was changed from \$6.99 to \$13 per unit for FY 2019, which should almost guarantee we will earn 100% of our funding here. MDOT funding for operations remains unchanged and all unspent grant money for vehicles, software and equipment will be rolled over into FY 2019. We currently have funding on hand for the purchase of one All-Wheel Drive vehicle, 2 vans with wheelchair accessible lifts, routing software, 2 desktop computers, a printer and 6 iPads.

Transportation staff stands at: 1 full-time Coordinator/dispatcher, 6 part-time COA staff drivers, 3 part-time volunteer drivers and 1 part-time office assistant who assists with data entry on transportation and HDM vehicles. One additional driver should be brought on board in the near future.

Health & Wellness Programming

FY 2018 saw the successful rollout of our plan to bring Wellness programming to areas throughout the county. Two classes were completed in Portland, three in Lake Odessa and one in Belding, while a Saranac class is in progress. Interest is high and we continue to develop services in this area where research shows the importance of exercise in extending health and independence in older populations.

To do this we continue to train and certify staff and volunteers. Certified staff include: 2 part-time Certified Wellness Instructors, along with 3 other COA staff who are able to assist/teach as their schedules allow, as well as 2 trained volunteers.

Outreach and Administration

Office staff includes 5 full-time positions, the Administrator/COA Director, Nutrition Director, In Home Services Director, Transportation Coordinator and one full-time position split between Casework/Outreach, Administrative Support and Wellness.

Part-time positions include our part-time Wellness Technician, who also assists with Casework and Outreach, 2 additional part-time Caseworkers and 2 part-time Administrative Aides who assist and back up all COA Departments and functions along with working directly with the public providing client outreach and services.

COA Staffing and Volunteers

To date, COA currently employs 45 individuals, 37 part-time and 8 full-time. County allocations

are currently at 60, with a FTE equivalent of 27.45, which indicates several positions are open, while some employees do fill more than one role.

The COA benefits from the good will and hard work of an army of volunteers and we truly could not deliver all that we do without them. **Nearly 5,000 volunteer hours have been documented in fiscal year 2018 to date.**

Key Accomplishments

The past fiscal year saw several key accomplishments at COA, including:

- The transition of one In Home Aide from part-time to full-time
- The transition of one Outreach and Administration position from part-time to full time
- Securing funding to purchase a new freezer and two new refrigerator units
- Securing funding to purchase three new computers and a printer
- Earning increased reimbursement rates for several AAAWM funded services for FY 2019 including Transportation and Respite.
- Earned 100% of Homemaker funding from AAAWM with an additional \$6K granted
- Two new Transportation Drivers hired with a third on deck
- Began collaboration with ICHD and ISD for workforce development

Looking Ahead

Staff, Technology, Facilities, Services Expansion

Staff

Finding and retaining staff remains our biggest challenge, particularly In Home Aides. We continue our efforts on all fronts and continue to look for new ways to find candidates for positions which can be very difficult to fill.

This year we began collaboration with the Intermediate School District and the Ionia County Health Department to integrate existing resources into a partnership to fill our hiring needs. Together we will apply for funding to help administer a program to create a local workforce to fill the critical need for In Home Aides.

Technology

Our 2018 budget included funds for new computers for most office staff. We recently received funding from AAAWM to purchase 3 new desktops and a back up printer and additional funding is also on hand

from MDOT to purchase 2 additional new desktops and a printer. With this additional funding we hope to replace all existing desktop computers by the end of 2018.

Facilities

Rough budget estimates were provided by the former Physical Plant Director for renovations of our current location, as well as the ground floor of the former District Court building to establish an Adult Day Program, which would indicate we do have the funds to make these needed improvements and to expand services. I hope to reach out to you and the County Administrator with additional details for your consideration in the near future regarding these upgrades.

Adult Day Program

We continue to move forward in the development of an Ionia County Commission on Aging Adult Day Program.

In FY 2018 I was able to visit six Adult Day Programs in our area. Myself and other staff also attended several important training opportunities which will add significant value to our coming program. Our agency also continues to host relevant programming to reach out to Ionia County residents who may in future benefit from our Adult Day Program. An early budget has been developed which our COA board will be reviewing at our next meeting.

I have also reached out to two significant funding sources from whom I believe we can secure funding to augment Senior Millage resources, fundraising, client donations and copays and so forth. The groundwork is being laid.

We hope to bring you additional exciting news on this much needed expansion of services for Ionia County Seniors in the coming months.

Thank you for your continued support of the Ionia County Commission on Aging. It is truly a pleasure to serve Ionia County and the needs of our older adults and caregivers.

Carol Hanulcik, Administrator

Mel Haga, Chairperson of the COA Board of Directors

IONIA COUNTY SHERIFF'S OFFICE

Talking Points

SHERIFF'S OFFICE PROJECTS

Jail Population: The jail population has held steady at max capacity. In addition to the large population we still have several inmates waiting for beds at mental facilities, inmates who don't get along and have to be moved around, and the large population of females makes it a challenge to manage on a daily basis. The jail staff is doing a good job dealing with these issues.

Building Issue at the Ionia County Sheriff's Office: We address the board couple of weeks ago about the issues in the jail. The major issue right now is the walk in cooler/freezer. This has been addressed and we are in the process of getting the unit fixed and operational.

On a positive note, we have the video visitation up and running and working through some minor bugs; however so far, this seems to be very positive and the inmates and their friends and family are taking advantage of the new system.

Also, Arbor Circle has started to set up their program to provide treatment for inmates with substance abuse issues. We are in hopes this program will be positive and provide some resources for inmates who struggle and help them kick the drug and alcohol addictions.

Ticket Software: The Lexis/Nexis software is moving along nicely. We should have things up and running in the very near future.

SHERIFF'S OFFICE STAFF and TRAINING

Correctional Facility Staffing: Staffing levels are starting to level off. Officer Barb Pline came back to work last week. At this point we only have one Officer off on Workers Comp. We have been made aware of an Officer needing surgery next month; however do not know how long they will need to be off. Drawing near the holiday season time off requests have remained steady and we have been doing our best to accommodate staff. The jail population being high does affect some of these decisions.

Uniform Services Staffing: At the last report we were holding steady on with staffing for Uniform Services. As most of you know Alex Melinn and Mitch Chapin left and we hired two deputies to fill their spots. Deputy Nick Foster and Deputy Mike Richard have both started the FTO process and are doing very well. If the training continues as it has, we are predicting they

will both be off FTO and on solo patrol by end of November. The open Detective position has been filled and Deputy Chelsea Kasul will be starting her new position next week. We will be replacing her with a deputy for the CMET position she is currently assigned. Deputy Michael Veenstra will be taking on an additional role with the FBI Fugitive Task force in the near future. Also, Deputy Veenstra was selected by his peers as Deputy of the Year. Mike does a great job for the Sheriff's Office.

Kitchen Status: As you know we have Canteen Services managing the kitchen. The lady that was managing the kitchen was let go by Canteen Services. They are in the process of finding a new manager.

Ionia County Sheriff's Office Victim Advocates: Denise Deschaine was selected as the MSA Victim Advocate of the Year. Denise is the Ionia County Sheriff's Office Victim Advocate Coordinator and has been helping Montcalm County Sheriff's Office re-establish their team. Denise works very hard and takes great pride and pleasure in providing a very important service to the community during tragic events.

Alice Training: Sheriff's Office personnel have been actively training private companies, Schools, and our court staff on how to prepare and deal with an act of Violence. There are more trainings coming up in the future and the response we have received so far has all been positive.

Bike Safety: Deputies have held a couple of bike safety training classes for local communities. Teaching kids how to be safe and aware of surrounding while riding their bikes. Both classes have been filled up and we have given away several bikes as a gift to those who attend.

Big Cases

- UPDATE: PSM v Kyler Bogert- 17 year-old charged with Open Murder, also charged with CSC in an unrelated case. Found competent to stand trial. Case is scheduled for Preliminary exam on 10/25.
- UPDATE: PSM v Jason Badder- Sixteen counts of CSC 1st and 2nd degree. Allegation involves father perpetrating on daughter over six-year span. Found competent to stand trial. Case is scheduled for trial in early 2019.
- UPDATE: PSM v Jason Noom- Four counts of CSC 1st degree (although allegation is this happened 50+ times). Found competent to stand trial. Case to be scheduled for trial.
- UPDATE: PSM v Christopher McKibben- OWI Causing Death. Allegation is that on November 1, 2017 Defendant was operating a vehicle on M-21 and crossed the centerline

into oncoming traffic glancing off one oncoming vehicle, then hitting the next head on. The offense occurred in the daylight hours and weather was not a factor and no indication of reckless driving or excessive speed. He had 1ng/mL of THC in his system at the time of crash. His sentencing is pending. On 10/2 Defendant entered plea of No Contest to OWI-Causing Death with an agreement to serve 36 months in prison.

- **UPDATE: PSM v Eric Sochor-** OWI Causing Death and OWI Causing Serious Injury. On 8/5/17 Defendant was driving his vehicle on M-21. In the vehicle was his wife and two of their friends. They were coming home after consuming alcohol in Grand Rapids. Defendant was driving at speeds above 80 mph, lost control of his vehicle, and hit numerous trees. His wife was pronounced dead on the scene and another female backseat passenger was seriously injured. DNA evidence and witness statements conflicted with the Defendant's account of the crash and who was to blame. His blood alcohol level was .14. On 7/10 the Defendant entered a plea of No Contest to OWI Causing Death with an agreement to serve 57 months in prison. On 10/2 the Defendant was sentenced to 45 months in prison.
- **UPDATE: PSM v Robert Cook-** OWI Causing Death, OWI Causing Serious Injury, DWLS Causing Death, and DWLS Causing Serious Injury. Defendant was driving NB on Morrison Lake Rd. In the front passenger seat was his fiancé. In the back seat was their 11-month-old child. Defendant neglected to stop for the stop sign on Grand River Avenue and was struck by another vehicle heading westbound. The crash occurred during daylight hours and weather was not a factor. The front seat passenger was declared deceased at the scene. The infant was taken to DeVos Children's hospital for multiple injuries, including, but not limited to: a broken leg, laceration to the liver, and brain bleeding. The Defendant was taken to Spectrum hospital and treated for injuries he sustained. Inside the Defendant's vehicle, a marijuana smoking pipe was located. The Defendant confessed to having smoked marijuana earlier in the day with the deceased before going to the zoo with their child. A blood test determined that the Defendant had the controlled substance, THC, in his body at the time of the crash with a level of 3 ng/mL of blood. The Defendant's rights to his child were terminated through Probate hearings. He also absconded while on bond and was unable to be located for several months. On 7/17 Defendant entered a plea of No Contest to OWI Causing Death and OWI Causing Serious Injury. On 9/11 Defendant was sentenced to 60 months in prison.
- **UPDATE: PSM v Laurence Benson-** CSC 1st degree (x2) and Domestic Violence. Allegation is the Defendant, who was the boyfriend of the victim's mother, committed sexual penetration upon the 13 year-old girl and assaulted her mother. On 8/28 the Defendant entered a plea of No Contest to CSC 1st degree with no sentence agreement. His sentencing is scheduled for 12/4.
