REQUEST FOR DISCUSSION/ACTION**

Title: Purchase Used Lowboy Trailer
Date: August 14, 2025

CONTACT: Linda Pigue, Road Dept. Managing Director & Wes Shafer, Fleet Supervisor

DESCRIPTION:

The Road Department needs to replace our lowboy trailer. Our old lowboy trailer was purchased 27 years ago and has been removed from the fleet. We would like authorization to spend up to \$75,000 if we can find a used lowboy trailer in good condition. Because we will be looking for a used trailer, circumstances might not allow time to bring a request to purchase to the Board for approval. If our Fleet Supervisor, one of our mechanics and one of our Road Supervisors deem the trailer to meet our needs and be in good condition, we would like to have the authority to proceed with the acquisition without first coming to the Board.

OTHER DEPARTMENTS/AGENCIES AFFECTED:

None

FINANCIAL ANALYSIS:

The cost of a new lowboy trailer would be approximately \$110,000. We do not believe the additional cost of a new trailer is justified for a piece of equipment which is needed but not heavily used. The Department's 2025 approved equipment budget is sufficient to cover the cost of a used lowboy not to exceed \$75,000. The Road Department has sufficient cash to cover the purchase price of up to \$75,000.

LEGAL REVIEW: N/A

DEADLINE:

October 14, 2025

SPECIFIC ACTION REQUESTED (PROPOSED BOARD MOTION):

Request authorization for the Road Department's Fleet Supervisor, Mechanic and Road Supervisor to purchase a used lowboy trailer, that they find to be in good condition and that will meet our needs, at a cost not to exceed \$75,000. The Road Department will report back to the Board if a used lowboy trailer is purchased.

ADMINISTRATOR'S RECOMMENDATION:

Administrator recommends approval.

Arrow Board & Two Trailer Mounted Message Centers

Date: October 14, 2025

CONTACT: Linda Pigue, Managing Director

DESCRIPTION: The Road Department has a contract with Give "Em a Brake Safety LLC for Trailer-Mounted Attenuators and Message Board rental. These items are mandated when working on trunklines and we are reimbursed by MDOT for the rental of these items.

Give 'Em A Brake Safety bid annual rental for two Attenuators is \$12,000, the annual rent for two Message Boards is \$13,200. This is the first of four possible renewals.

OTHER DEPARTMENTS/AGENCIES AFFECTED: None

FINANCIAL ANALYSIS: 100% reimbursed by MDOT

LEGAL REVIEW: Not Applicable

Community Events

Hemminger and VanCamp along with members of the Ionia County Hope and Recovery coalition volunteered at the Ionia Free Fair. We spoke to parents about the importance of talking to their children about the risk and harm drugs can do to their brains and bodies during adolescents, we asked parents to complete a survey. 107 parents completed the survey.

Hemminger and VanCamp and members of the Ionia County Hope and Recovery coalition attended The Right Door, Back to School Bash. We showcased the Hidden in Plain Sight trailer, a drug awareness program to encourage parents and caregivers to talk to their children about the risk and harm of drug use during adolescence. 21 parents went through the trailer.

Hemminger and VanCamp along with ICHAR coalition members attended the Clarksville Ox roast, Saranac Bridge Fest, Belding Labor Day Family Event, and Belding Sober Fest. We attended these community events to engage the community in our efforts to educate and empower people to make positive choices when it comes to using drugs. We spoke to hundreds of parents about talking to their children on the risk and harm drugs can do to their brains and bodies during adolescence and provided information on services we provide at the Health Department.

At community events we took the opportunity to conduct a survey with the following 6 questions.

1. Who is the most powerful influence on a teens drug use?
2. True or False, repeatedly using drugs floods the brain with more dopamine, which can change the way the brain responds to that drug.
3. How much do you think people risk harming themselves physically or in other ways when they use marijuana once or twice a week (smoke, vape, eat, or drink)?
4. How much do you think people risk harming themselves physically or in other ways if they use prescription drugs that are not prescribed to them?
5. How much do you think people risk harming themselves physically or in other ways if they have five or more drinks of an alcoholic beverage once or twice a week?
6. How much do you think people risk harming themselves physically or in other ways if they use tobacco products (cigarettes, cigars, chew, nicotine gum, e-cigarettes, or other vaping device)?

145 people responded to our survey,

>75% of the adult respondents answered friends were the most powerful influence on a teens drug use. A majority of Teens report that their parents are the most powerful influence on their decision to use drugs.

>99% knew that repeatedly using drugs floods the brain with dopamine, which changes the way the brain responds to that drug.

>74% of adults believe there is a slight to moderate risk of harming themselves physically or in other ways when they use marijuana once or twice a week.

>37% of adults believe there is a slight to moderate risk of harming themselves physically or in other ways when they use prescription drugs not prescribed to them.

➤ 54% of adults believe there is a slight to moderate risk of harming themselves physically or in other ways when they have five or more drinks of an alcoholic beverage once or twice a week.

➤ 53% of adults believe there is a slight to moderate risk of harming themselves physically or in other ways when they use tobacco products.
