

**COUNTY OF IONIA
POSITION OPENING
Information Systems Technician/Director**

Title: Information Systems Technician/Director

Salary \$50,000.00 this maybe negotiable – pending Board of Commissioners approval

Minimum Qualifications: A degree or three to five years relevant experience is required; or any equivalent combination of education, training, and experience, skills and abilities. There will be some on call duties.

General Summary: In coordination with a contracted IT firm this position will be responsible for the development and implementation of all Information Systems operations including help desk tickets, project management and budgets. Serves as an advisor to the County Administrator, elected officials, and department heads, on proposed system implementation, timeframes and feasibility. This position may develop into the Director of IT. Performs long range strategic and short term operational planning for information systems. The Ionia County network is a mixed network, consisting of Fiber, Ethernet, T1s, and WiFi. The Ionia County network supports a main campus, and several satellite locations within the county, as well as various Law Enforcement Agencies.
